

LETTER TO OUR VALUED CUSTOMERS

BROX INDUSTRIES, INC.

March 16, 2022

Re: 2022 Aggregate Price Increase

To our valued customers:

Brox Industries would like to thank you for your valued business and continued support over the years. By all indications, 2022 is looking to be one of the strongest construction seasons in many years and Brox Industries is committed to providing you with the highest quality products and unrivaled service.

As we move into the 2022 construction season, we continue to witness substantial and unprecedented supply chain and logistics challenges with significant cost increases from our crushing sub-contractors, suppliers of steel, utilities, transportation, labor, and fuel. Unfortunately, we can no longer continue to absorb these cost increases and find it necessary to increase prices.

Effective March 28th, 2022 all Brox aggregate products will increase by \$1.00 per ton at all of our locations in Massachusetts and New Hampshire.

Thank you for your continued business and your understanding regarding changes. If you have any questions, please contact your sales representative.

We at Brox Industries are honored to be your supplier of choice and are committed to providing quality products and first-class service. We hope you will continue to choose Brox Industries as your primary material supplier in 2022 and for years to come.

Sincerely,
Brox Industries, Inc.

Brad Deans
Aggregate Sales Manager
